Running Title: Pain following Intervention One

All academic staffs **MUST** provide their academic email. They are allowed to also send their personal email beside the academic email.

Acknowledgments

The authors would like to thank Mr. Hamid Behravan and Mrs. Ziba Safari for contribution in data collection. We also appreciate the clinical council and Vice Chancellory of Research and Technology at Isfahan University of Medical Sciences and all the participants in the aforementioned research projects.

Conflict of Interest

The authors did not have a conflict of interest. Dr. Pooran get the funding for the present work from Isfahan University of Medical Sciences and is working as associate professors at the Department of Physical Therapy. Iraj Sedaghat and Soudabeh Hosseini have been studying at Isfahan University of Medical Sciences since 2013 as MSc students in Physical Therapy.

Authors' Contribution

- ▶• Study design and ideation: Saeed Pooran
- ▶• Getting financial resources for the study: Saeed Pooran
- ▶• Scientific and executive support of the study: Saeed Pooran, Iraj Sedaghat, Soudabeh Hosseini
- ▶• Data collection: Iraj Sedaghat, Soudabeh Hosseini
- ▶• Analysis and interpretation of the results: Saeed Pooran, Iraj Sedaghat, Soudabeh Hosseini
- ▶• Specialized statistics services: Saeed Pooran
 - Manuscript preparation: Saeed Pooran, Iraj Sedaghat, Soudabeh Hosseini
 - Specialized scientific evaluation of the manuscript: Saeed Pooran, Iraj Sedaghat, Soudabeh Hosseini
 - Confirm the final manuscript to be submitted to the journal website: Saeed Pooran, Iraj Sedaghat, Soudabeh Hosseini
 - Maintaining the integrity of the study process from the beginning to the publication, and responding to the referees' comments: Saeed Pooran, Iraj Sedaghat, Soudabeh Hosseini
